# INVINCIBLE PAGES

Oh, dear--this just isn't good. Our schedule is a bit wrecked, I know.

Ugh.

I'm not going to make any promises, but we'll do our best to correct this problem post-haste. Thanks for sticking with us.

Time for mail!

Yo! Robert, Dude!

Holy Jeez, I can't frickin' believe it! The 50'th issue! congratz.ok here are some really (un)kewl questions.

We're not at issue 50, yet!

1. I am gonna be around 77ish when issue 500 comes out are you ever gonna go bi-weekly or something, ever please?

Hah! We can't even put out more than 10 or 11 issues a year, it seems. Bi-weekly?! Man, I wish, but not any time soon.

2. The new costume is wicked, I think he should have a bunch of different colors. Just not red, that's for blood, and you all do blood in gallons :) I like the way the blood flows in this book.

This isn't really a question, is it? Glad you like the new costume--it debuts in issue 51--be on the lookout!

3. You did a reaper one shot ,is that set in the invincible universe? I wanna see him again! Way kewl!

Not in the same universe. Sorry.

4. Do you think Kristen Bell reads Invincible? She's hot!

Well, if she's hot--she MUST read Invincible.

5. When you go out in public do you carry one of them crazy shocking thingamagigs?

I have to, for my own safety and for the safety of those around me.

6. Do you have any other plans for mutant2099 or any other marvel series in the works,sleepwalker?or Darkhawk?

None at the moment, unfortunately.

7. Promise me that I will have invincible action figures by the time 100 comes out!

I think I could actually promise that...

8. How can I join the Lizard League? I really want in! not joking! or bring em back!

Most of them are dead... trust me, you don't want to be in that group.

9. How many questions is too much? Is there a limit?

The limit is nine.

Ok, now that I read my questions I feel they are pretty lame so I'm gonna add a -un- in front of kewl up there. Gratz again on 50 issues and I promise to have better ones next time. and everyone should do like me and get one new person a month reading this stellar book. Still waiting for Invincible under-roos but want Lizard League uniform more!

Rob Steal

Keep waiting on the under-roos... do they still make those?

Hey Kirkman!

I knew it! Kate had her original self stashed somewhere! Now, all we have to wait for is the triumphant return of Shrinking Ray... Like I've said before, we did not "hear" Komodo Dragon chew on SR, which leads me to believe he is still alive. He must have gotten out of KD's dead body off panel. Probably through that bloody gaping hole where his head used to be.

Nope--he's dead. Sorry.

Fightmaster and Drop Kick? Why the heck would they want the Declaration of Independence? Not sure where you're going with this one.

Oh, just you wait and see, kiddo. Just you wait and see!

And where is Kirkmania.com? Well, at least you have a website icon now. That's, um, awesome.... I guess.

Roch Vaillancourt

The website is LIVE, baby--LIVE! [www.kirkmania.com](http://www.kirkmania.com)

YE GODS!

Well, I have to say, I'm not fond of the paper these days. It's a bit thin and crinkly for my tastes, and turning the pages makes a noise like a Chinese New Year parade. Still, I'm sure you have your reasons, and it's the contents that count.

Not big on the paper myself. I hope to have things under control very soon. We're trying to work things out as fast as possible.

And those contents are as top as ever. I loved the big splash of Vince doing his bench-pressing; it had a great Lee/Kirby Fantastic Four feel to it. Do the Pentagon boffins use that machine for testing watermelons, by any chance?

(Gosh, I hope someone out there gets that.)

Well, I didn't. Any help, fine readers?

Ottley did a great job with the Multi-Paul fight too; that must have taken ages to do. Don't let a fat wodge of corporate cash lure your art team away, only to waste their talents on Dark Speedball or something.

Marvel couldn't afford Ryan Ottley... so don't worry.

Some interesting new developments in this issue too. The Time Travelling Turbo Twins are a fascinating new element, and I can't wait to see more of them. Although given their time-sled, I wonder if we haven't already seen them in a different form?

You haven't.

Anyway, good stuff as always. Keep it up!

-Kelvin Green

You keep reading 'em and we'll keep writing 'em, true believers! Did anyone ever notice that Stan Lee totally lied to us about that? We still read them... but he doesn't still write them! Am I lying too? Only time will tell, true believers... only time will tell.

Dear Robert & Crew

The majority of the world are fools. Why? Because the majority of the world do not read this comic book. I've been reading comic books seriously ever since a comic shop appeared in my (then) home town in 2002 ish. They are somewhat hard to come by in this country (England) Wow, lotta brackets. Anyway, in all my time reading them you will get the odd book which has strong writing, coupled with good art, then you'll get books with consistently great writing and consistently great art (Ultimate Spider-Man springs to mind) but I don't think I've ever experienced a book with consistently amazing writing, and consistently breath taking art work. It's staggering. It's literally staggering how good this book is. I've been bringing it up to anyone and everyone. Time now for the obligatory questions.

1) Any more Invincible merchandise or products planned? Im an uber Heroclix fan, and the collectors set is AWESOME. I'm also into modding them, and I plan on doing some Invincible characters, When I've finished them I'll send you a link, but yeah I'm totally up for a line of action figures or busts maybe?

There's a statue, and t-shirts, and a couple posters now. Figures on the way... possibly, we'll see.

2) Will we ever see the Lizard League again? I friggin loved those dudes.

Well, most of them are dead. We'll see King Lizard again... eventually.

3) I'm guessing this is not likely much, but you know what would be sweet? An Invincible video game. On the DS or something (Low production costs...apparently) I'd be really up for that.

As would I.

That's it from me, I'd say "Keep up the good work" but I know you will anyway. Hey check it out, contrary to what comics tell you, British people don't say "bloody" every other word! Heh heh.

ReZourceman  
Michael Jamieson

I don't know man, I talk to Charlie Adlard all the time and every other bloody word is "bloody." It's pretty annoying. With Sean Phillips, every third word ISN'T "bloody." He's kind of hard to follow.

Pen Vinci Pals,

First let me say that i am thoroughly enjoying this series. I was introduced to it with issue 30 and have read the trades to catch me up to speed. I gotta say this is one of the best things out today. Top notch stories and consistently great art. Multi-Paul has some issues and well i guess grief can make you do some crazy things but really to attack 'em like that. He must not be very bright. Though I do have to admit that I am glad that Dupli-Kate is not really dead.

Hmm, seeing Mark's dad at the end of this issue makes me wonder if he really is going to die or is he going to escape and head back to earth to try to rectify what he's done in the past. Of course i would like to see that more than him being executed but I'll enjoy either one.

Well thanks for your time and thank you for all the work you all do on this series.

Sincerely,  
Steven Leitman

Thanks for writing, sport.

Dear Mr. Kirkman

Howdy, I have never written to a comic before so please bear with me. I just wanted to say that I am a 21 year old comic geek and in the 3 years of reading comics i have under my belt i have never truly felt like i related to a character that i read until i read the issue where mark was debating breaking up with amber, and how he felt towards eve. At the time i read that i was in a predicament very similar ... and in a way it kinda helped me out hearing tailors advice and stuff so i guess i owe you a thanks! I also need your opinion on something, I have many comic related tattoos and really want an invincible one badly... any suggestions?

Thanks for taking the time to read and I need MORE Shrinking RAY!!! PLEASE PRINT!!!

Your Awesome,  
Beau Patton

Don't get any more tattoos! Stop! You've got too many tattoos already, don't get carried away. What would your grandmother say? What will your grandchildren say?

Okay, kids--just to reiterate, [www.kirkmania.com](http://www.kirkmania.com) is TOTALLY live.

Also, [www.ryanottley.com](http://www.ryanottley.com) has been up and running for a while.

Also, [www.corenthal.blogspot.com](http://www.corenthal.blogspot.com) is Cory Walkers year-long sketch blog where he posted a sketch for every day of 2007. It's pretty awesome and there's tons of Invincible stuff to look at in there.

Okay, so there's that.

We'll try to get 49 out as soon as possible. Promise.

-Robert Kirkman
